

Premier Monthly Income Fund

Premier Income Funds ICVC

| Fund Strategy |

- Our investment style is described as 'inflection point investing', we look for turning points at a global, sector and stock level - where the future is going to be different from the past.
- We follow themes in the economy and where we have high confidence in a particular theme, we increase our weightings to benefit from this. By identifying major themes running through the economy, we seek to outperform by increasing our weightings accordingly.
- We aim to have a focused portfolio with good dividend paying ability. Weightings relative to the benchmark index, the FTSE All Share, will be partly dependent on the strength of our convictions at any time. The Fund aims to deliver a distribution yield at least 10% higher than that of the benchmark index.
- The Fund is managed in an identical style to the well-known PSigma Income Fund and follows the same top down themes. Bill Mott sets the overall investment strategy, which shapes all the PSigma UK Income products, and currently this focuses on yield revaluation and a preference for overseas earnings. Bill Mott and Neil Cumming work alongside each other, with Neil ensuring that Bill's investment strategy is reflected fully in the detailed stock decisions on the Premier fund

| Fund Objectives |

To provide a reasonable level of income, payable in monthly instalments with the prospect of rising income and capital growth.

Performance Record

© Financial Express Holdings 2010

Previously known as the Aberdeen Monthly Income Fund. Premier Fund Managers Ltd took on the investment management of this Fund on 01/08/09 and Premier Portfolio Managers Ltd assumed responsibility as Authorised Corporate Director on 05/12/2009. Performance data is for the R share class

Discrete Annual Performance (%)

Share Type	2010(YTD)	2009	2008	2007	2006
Income	1.3	20.9	-27.0	-4.4	16.6

Discrete Annual Performance to Quarter End 30 June 2010 (%)

Share Type	30/06/2009	30/06/2008	30/06/2007	30/06/2006	30/06/2005
Income	15.1	-15.0	-18.4	14.4	14.3

Cumulative Performance to 31 July 2010 (%)

Share Type	3 Months	6 Months	1 Year	3 Years	5 Years
Income	-3.0	2.0	16.3	-14.1	7.0
Official Sector	-3.0	4.2	18.3	-11.8	13.4
Benchmark	-4.4	4.0	19.3	-7.4	22.7

Quoted on a bid to bid, total return, UK Sterling basis. Past performance is not a guide to future returns. The price of units and shares and income from them may go down as well as up and you may get back less than you invested.

Premier Monthly Income Fund

Premier Income Funds ICVC

Fund developments and comments

**Premier Monthly Income Fund,
Investment Managers:
Neil Cumming & Bill Mott**

The Premier Monthly Income aims to produce a high and reliable income stream. We still believe that there are economic challenges ahead and are retaining our focus on good yield, overseas earnings and high quality 'nifty fifty' companies.

During July, European banking regulators 'stress tested' 91 banks' ability to withstand potential economic shocks. In our opinion these tests were not that rigorous, with only seven fairly minor banks deemed to require further capital. In addition, the timetable for the introduction of tighter bank liquidity and capital rules (known as Basel III) was 'watered down' with its introduction being phased, in what some observers saw as a classic 'euro fudge'. However, the stock markets chose to take these developments as a further sign that the 'credit crunch' is now behind us, with the FTSE All Share returning 6.9% in July.

In this 'bubbly' market, banks and miners led the way whilst more defensive sectors such as pharmaceuticals, tobacco and food producers were amongst the laggards. With the focus on yield we added to HSBC and Royal Dutch Shell 'B' whilst starting a holding in electricity generator Drax. The valuation of our holding in International Power rose as the French group GDF Suez proposed a merger of their international operations. Further reductions were made, as prices rose, in lower yielding stocks such as Caledonian Investments, Domino Printing, Rotork and Ultra Electronics. Whilst the uncertainties at BP have reduced, a final solution has not yet been reached and we have not changed our position, being slightly underweight in the stock against the FTSE All Share weighting.

Investment Team

I Neil Cumming, Investment Director, PSigma Asset Management I

Neil has 25 years' investment experience having started with Royal Insurance in 1984 after graduating from Durham University with a degree in Economics and Mathematics. At Royal Insurance, Neil worked for three years as an analyst before moving to fund management. He moved to Prolific Asset Management in 1997 where he was part of the team managing the award-winning UK Blue Chip Trust and eventually becoming Head of the Equity Income team, responsible for a product range with c£800m assets. In 2003, Neil joined Teather & Greenwood Investment Management, running both equity income and growth retail funds. He joined PSigma in May 2004.

I Bill Mott, Fund Manager, PSigma Asset Management I

Bill has an established, industry-wide reputation for his investment management decisions over a period of thirty years. His well known top down thematic approach has identified particular inflection points in markets and this was most famously evidenced when he sold all the TMT growth stocks in March 2000 and moved his portfolio focus into value stocks. This avoided the dramatic losses in TMT in the summer of 2000 and, at the same time, captured the value stocks rally over the same period. He retired from Credit Suisse in the Autumn of 2006 and is one of the three founding members of PSigma Asset Management, an appointed representative of P-Solve Investments Ltd.

This document is issued by **Premier Portfolio Managers Limited, Eastgate Court, High Street, Guildford, Surrey GU1 3DE**. Premier Fund Managers Limited and Premier Portfolio Managers Limited are both members of the Premier Asset Management Marketing Group, authorised and regulated by the Financial Services Authority of 25 The North Colonnade, Canary Wharf, London E14 5HS. Premier Portfolio Managers Limited is an ISA manager and markets a number of funds. Premier Fund Managers Limited, also an ISA manager, provides investment management services to Premier Portfolio Managers Limited and for other clients and investment funds. Premier Portfolio Managers Limited is also a member of the Investment Management Association. You should remember that past performance is not a guide to the future. The price of shares and the income from them may go down as well as up and you may get back less than you invested. Exchange rates will also cause the value of underlying investments to fall or rise. Tax concessions are not guaranteed and may be changed at any time; their value will depend on your individual circumstances. For your protection when dealing, your call may be recorded and monitored. Reference to any particular stock does not constitute a recommendation to buy or sell the stock. Details of the nature of the investments, the commitment required and fund specific risk warnings are described in the Simplified Prospectus which is available on request. The Historic Yield reflects distributions declared over the past twelve months as a percentage of the mid-market unit price of the fund, as at the date shown. Persons who do not have professional experience in matters relating to investments should speak with a financial adviser before making an investment decision.
